REMARKS

This is intended as a full and complete response to the Final Office Action dated June 24, 2005, having a shortened statutory period for response set to expire on September 24, 2005. Please reconsider the claims pending in the application for reasons discussed below.

In the advisory action mailed on September 8, 2005, the Examiner stated that the response filed on August 24, 2005 would not be entered because it raises new issues. Specifically, the Examiner stated that "two intersecting guide members" is a new issue.

Applicant submits that "two intersecting guide members" is not a new issue because the limitation was previously presented claims 35, 37, and 38. In fact, claims 35 and 38 are indicated to be allowable if rewritten in independent form. Therefore, Applicant respectfully requests entry of the response and allowance of the claims.

Claims 1-2, 25-34, 36, and 39-52 remain pending in the application and are shown above. Claims 35 and 37-38 have been cancelled. Claims 1 and 2 are indicated to be allowable, and claims 35-36 and 38 are objected to. Reconsideration of the rejected claims is requested for reasons presented herein.

Claim 25 has been amended to include the limitation of claim 38. Therefore, Applicant believes claim 25 and claims depending therefrom are in condition for allowance.

The Examiner states that the prior art of record does not disclose and actuator and intersecting guide members. Claim 42 has been amended to now recite these limitations. Therefore, Applicant believes claim 42 and claims depending therefrom are in condition for allowance.

All claims being allowable, Applicants reserve discussion of the references cited by the Examiner.
